

■ TO WHOM IT MAY CONCERN

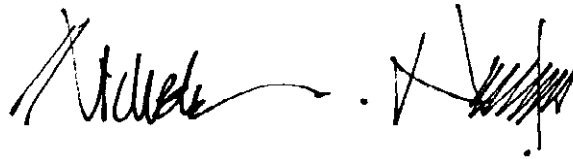

I've worked with Elisha Blatt, Blatt Wallcovering, for over 10 years. We have done the small, very custom projects to the large scale ones, and in all of them Elisha's work has always been excellent and consistent.

His experience and knowledge of all aspects of paperhanging make him a valuable member of my projects. There is never a question of his finishing what he begins.

I have only high praise for Elisha as a professional craftsperson.

Most sincerely,

Michele Needel
